

SEEP 2026

Sustainable Energy and Environmental Protection — four days at the crossroads of science, innovation, and policy, set in the heart of Rome.

📅 20–23 July 2026 · Rome, Italy

📍 University of Rome Tor Vergata

🕒 4 Days · Full Program

SCIENTIFIC PROGRAM

Conference Schedule at a Glance

01 DAY ONE · FULL DAY Energy Foundations & Flexibility

- 📌 Renewable Energy Systems & Integration
- 📌 Energy Access & Equity — Global Perspectives
- 📌 Grid Flexibility & Demand-Side Management
- 📌 Distributed Generation & Energy Communities
- 📌 Policy Frameworks for the Energy Transition

02 DAY TWO · FULL DAY + EVENING Hydrogen, Fuels & Decarbonization

- 📌 Hydrogen Production, Storage & Distribution
- 📌 Advanced Hydrogen Technologies & Electrolyzers
- 📌 Bio-Fuels & e-Fuels Pathways
- 📌 Circularity & Waste Management Strategies
- 📌 Industrial & Maritime Sector Decarbonization

🍷 Evening · Conference Dinner — Park Hotel Villa Grazioli

03 DAY THREE · MORNING ONLY Waste Heat Recovery & Efficiency

MORNING SESSIONS ONLY

- 📌 Waste Heat Recovery Technologies & ORC Systems
- 📌 Industrial Process Heat Applications
- 📌 Energy Efficiency in Buildings & Infrastructure
- 📌 Thermal Management & Heat Integration

04 DAY FOUR · FULL DAY Storage, Mobility & Circular Economy

- 📌 Circular Economy & Life-Cycle Assessment
- 📌 Sector-Coupling Decarbonization Strategies
- 📌 Energy Storage Systems & Grid Applications
- 📌 Battery Thermal Management & BMS
- 📌 Sustainable Mobility & Powertrain Technologies

**Afternoon · Optional: Forma Urbis
Museum & Circo Maximo Experience**

Sunset Aperitivo · Casina dei Salvi

Full program details will be released soon · Speaker bios and abstract submission at seeconference.org

SEEP·2026

Where Science Meets the Eternal City

Beyond the lecture halls, SEEP 2026 offers a curated journey through Rome's most evocative settings — from a candlelit hilltop villa to the ancient grandeur of the Circus Maximus. Each social event is thoughtfully designed to complement the scientific dialogue with moments of beauty, history, and shared discovery.

DAY 2 — EVENING EVENT

Conference Gala Dinner

GALA DINNER VENUE

Park Hotel Villa Grazioli

Perched in the Castelli Romani hills overlooking Rome, this 16th-century patrician villa offers breathtaking panoramic views from its elegant glass-enclosed terraces. A UNESCO-listed landscape backdrop sets the scene for an unforgettable evening of fine dining, conversation, and collegiality.

 **Grottaferrata, Castelli Romani**

Discovering Ancient Rome

CULTURAL EXPERIENCE

Circo Maximo Experience & Forma Urbis Museum

Step back two millennia at the Circo Massimo, Rome's legendary chariot-racing venue. The immersive Circo Massimo Experience uses cutting-edge technology to resurrect the ancient spectacle. Nearby, the Museo della Forma Urbis houses the world's most extensive marble map of imperial Rome — an extraordinary scholarly and visual treasure.

SUNSET APERITIVO

Casina dei Salvi — Golden Hour Aperitivo

As the Roman sun dips behind the Palatine Hill, join fellow delegates at the Casina dei Salvi for an open-air aperitivo. This elegant neoclassical pavilion, set against the backdrop of ancient ruins, offers the perfect setting to unwind, exchange ideas, and toast to the shared pursuit of a sustainable future.

"Science, History, and the Future — all in one city."
